TECHNICAL DATA SHEET**WHITE PETROLATUM GREASE IN TUBE**

DESCRIPTION: Protective lubricant produced with high quality white petrolatum, for oenological use, particularly suitable to treat corks and cookies moulds.

Highly refined, this grease complies with BP (British), USP (USA), DAB (German), FU (Italian) and CODEX (French) pharmacopoeia. Therefore, it can be used for the manufacturing of ointments, creams and other preparations for pharmaceutical and cosmetic industries.

Moreover, it can be use as non toxic lubricant for food industries. It is registered by InS Services as H1 lubricant, i.e. “this product is acceptable as a lubricant, anti rust film or release agent with incidental food contact for use in and around food processing areas in locations in which there is a potential exposure of the lubricated part to food”.

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance	paste
Container size	100 ml tube
Color	white
Melting point ASTM D 127	55 – 65°C
Protection from water	very good
Base oil viscosity at 100°C ASTM D 445	7 – 14 cSt
Operative temperature	-20 - +50°C
Cone penetration at 25°C ASTM D 937	155 – 200 mm/10

DANGER LABELLING: None

GHS PICTOGRAMS: None

Product for professional and industrial use
